

Garliava eldership

Visiting the Garliavos eldership you'll come across the Jiesia Landscape reserve where you can view the scenic Jiesi coastal areas with its chalk and quartz cliffs, erosive hills and beaches. The valley is home to protected plants and 50 bird species and 12 kinds of bats.

Present day

The population in the eldership is growing fast and there is almost no unemployment. The largest development is focused on the villages Ireniškės, Jonučiai II och Karkazai. Several larger companies are located within the eldership that compete on the global market and create jobs for the local inhabitants.
